JULY 2023

## PRESIDENTS REPORT – PHIL DANIELS

What a privilege it is to have been elected as President of this fantastic club. Looking at the people that have held this role previously I can see I have big shoes to fill, and I'd like to thank the previous season's executive committee for their efforts in the past and continuing. I will tread carefully in these shoes as we look to carry the momentum forward into this coming season and beyond.

It is looking to be an exciting season coming up with some changes to the way we can patrol. The introduction of wave runners to our patrolling tools will mean further access and ability to attend to those that need assistance and hopefully some member retention in the process.

We have had a few changes to the positions in the club as well and we still have some vacancies that could use your help. If you think you can assist, please contact the club and we will advise you how to take the next step.

See you around the club ;-)

## RAINBOW BEACH CAMP 2023

Well our 2023 SRC/Bronze was a huge success. The weather gods finally blessed us with a couple of spectacular days to finish off on and I would like to officially welcome 16 new members to our Patrols. Huge thank you to Guy Tanner for being our trainer, KT for being our Assessor, Kamen for helping me and looking after the crew, Jeanette, Cherie, Leanne and Craig for feeding the hungry crew, Brad, Lara, Maurice, Derek and all the Water Safety crew for braving the chilly conditions but most of all to my better half Sally for helping me organise the week away and everything during. ## SLSQ NEWS

Update from SLSQ and Sport and the Active Recreation Office:

I hope this email finds you well.

The [Communities 2032 Strategy](#) is Queensland's first long-term, holistic strategy for communities. This strategy will guide the Queensland Government's actions over 10 years, towards the vision that Queensland's communities support and empower every person to connect, participate, contribute and thrive.

One of the key initiatives of this strategy is focused on ongoing engagement with the LGBTIQ+ community. As part of this engagement, the Queensland Government wants to hear about the opportunities for change

for LGBTIQ+ communities to lead a safe, supported and equal life. With this, Sport and Recreation have been asked to share the following survey with our key stakeholders across the active industry:

[Strengthening outcomes for LGBTIQ+ Queenslanders | Your Say | Queensland Department of Housing \(chde.qld.gov.au\)](https://chde.qld.gov.au)

We encourage you to complete and share this survey. It should take approximately 10 minutes to complete and answers will be valuable in helping to shape strengthened outcomes for LGBTIQ+ communities. This survey closes 5pm, 19 July 2023.

Kind regards  
The Team @ Sport and Recreation
