September 2021

PRESIDENT'S REPORT

Mudjimba SLSC Open Days and Nipper Sign-on

The 2021/2022 season is up and running and what a positive way to launch the season with two outstanding Nipper Sign-on Days and a Sponsors' Luncheon where we opened our new extensions. Congratulations to our new Junior Activities Executive for co-ordinating the two very successful Open Days and certainly the early numbers show we are going to have another fantastic Nipper Season. It was great to host our long term sponsors for our first luncheon at our clubhouse. North Shore Realty, Bendigo Bank, Latitude Constructions, Lestari Foundation and our Patron Fiona Simpson discussed the future plans for our club with the new Executive and celebrated the finalisation of our new building extensions.

Proficiencies are underway

Thank you to our Education and Training Team who have started our first proficiencies. See the dates in our Director of Education and Training Report for up-coming dates for your proficiency. The online component has certainly been made much less complex than in previous years but if you would like some assistance with technology or with accessing the mandatory online component, then please contact us and we will provide the support you require.

Early Season Successes - Congratulations Layne

A huge congratulations to Layne Baldock in her recent finals' appearance in the Qld Under 18's Championship and then her selection in the Qld Team to compete at the Australian Junior Surfing Titles. This a great follow-up to Layne's outstanding performances at the 2020/2021 Aussie Titles earlier this year.

IRB/ Bronze/SRC training

We should be immensely proud of the training our little club is planning to deliver this season. We have begun our training and will continue to provide opportunities for our members, new and old, to build new skills and achieve new qualifications all through our season.

Community Partnerships reaping rewards for MSLSC

Our club continues to fulfil its strategic goal to be a central member of our community and to engage broadly with our local community. Over the winter season, the Maroochy North Shore Lions Club have been running BBQs from our new canteen facilities with funds raised being donated to our club. Each month our club has benefitted from significant donations being made, all of which assist with our purchase of gear and equipment for our club. We are very proud of this relationship and we are very grateful to Maroochy North Shore Lions Club for their support of our club.
